**Responsibilities include:**

- Instructing 4 full credit courses to include **AP Chemistry, Standard Chemistry or Honors Chemistry** or classes.
- Mentoring approximately 10 Upper School girls (academic counseling, community building, parent communication, conferencing.)
- Engaging in the life of the Upper School (presence at assemblies, events, etc.)
- Chaperoning/supervisory duties approximately three times a year.
- Participating in school-wide, departmental, divisional, and mentor team meetings.
- Writing college letters of recommendation for students when appropriate.
- Coaching not required but a plus.

**The Upper School science teacher will possess the following:**

- A degree in chemistry or a related field, Bachelor minimum, Masters preferred.
- The ability to develop and implement an effective and engaging curriculum; highly competent teacher.
- A knowledge of adolescent development and effective classroom practice for the high school classroom.
- The ability to build positive relationships with high school students; a powerful student mentor.
- The ability to draw people in for collaboration and problem solving; a trusted and sought-after colleague.
- High-level of familiarity and competence across cultures and multiple perspectives.
- Familiarity and competence in technology skills.
- Superb communication skills.
- Energy and initiative.

*To perform this job successfully, an individual must be able to perform essential job functions described in the job description. Reasonable accommodations may be made to enable individuals with disabilities to apply and/or perform the essential functions.*
