

Columbus School for Girls

Upper School Mathematics Teacher Effective Fall 2019

Columbus School for Girls (CSG) is an independent day school in Columbus, Ohio, founded in 1898, serving diverse students in grades pre-k through 12. CSG empowers girls to discover their distinct potential as learners and leaders. As a leader in the education of girls and young women, it is a vibrant community of more than 565 students, 135 faculty and staff, and 2,500 active alumnae. CSG's 8-acre academic campus in the beautiful Bexley neighborhood is a ten-minute drive from downtown Columbus, a city bustling with artistic, civic, and shopping experiences. Having just completed a strategic plan to guide the school's direction over the next several years, CSG offers an exceptional, student-centered academic experience with strong offerings in the arts, an impressive athletic program, and a health-and-wellness curriculum that is unique in central Ohio. This combination of academics and skills ensures that CSG students will be well prepared for life beyond CSG.

Columbus School for Girls seeks to hire an energetic and creative **Upper School mathematics teacher** to begin in the 2019-2020 academic year. CSG offers a competitive salary, benefits, and professional opportunities and welcomes candidates who add to the racial, cultural, religious, and gender diversity of the school community.

Major Functions and Responsibilities:

- Teach a variety of Upper School mathematics courses. Candidates should be qualified to teach in the following subject areas: Algebra I and II, Geometry, Pre-calculus, AP Calculus, and Statistics. In addition, post-AP and elective courses (Abstract Algebra, Differential Equations, Multivariable Calculus, Linear Algebra, Great Theorems, and Mathematical Modeling) are offered in the Upper School. The ideal candidate would be qualified to teach two or more of the elective courses.
- Lead an advisory group, which includes a social-emotional curriculum
- Collaborate regularly with members of the Mathematics Department to ensure a cohesive curriculum.
- Participate actively in the life of the school, including leading clubs and/or activities, chaperoning school trips, and possibly coaching.

Experience, Characteristics, Qualities:

- Experienced and well-qualified candidates with a bachelor's degree in mathematics will be considered, but a master's degree in content area is preferred.
- Strong candidates will have at least three years of experience teaching student-centered classes.
- An understanding of the value of an all-girls education and the eagerness to learn about the best ways to help young women reach their full potential as learners and leaders.

Columbus School for Girls

- Excellent communication skills, a genuine appreciation of adolescents, a sense of humor, and the ability to thrive and grow professionally within a diverse, collaborative environment.

Interested candidates should submit a cover letter outlining their interest in and qualifications for this specific position and a resume in a single document to: Diane Mosher, Hiring Coordinator, Columbus School for Girls, 65 S. Drexel Ave., Columbus, Ohio 43209; fax: (614) 252-0571; or email hr@columbusschoolforgirls.org.

Please put ***Upper School Mathematics Search*** in the subject line.
