

Math Tutor

Our Mission: At Marburn Academy, we celebrate students who learn differently, empowering them to awaken their potential, to achieve success in school and life, and to drive positive change in our communities.

Marburn Academy is seeking math tutors to support students with learning differences within our school and in the larger community. Whether you are a teacher or have a passion for mathematics and are looking to make an impact on students' lives, Marburn offers training, feedback, and ongoing professional development in a research-based approach.

At Marburn, tutors have flexible hours. Scheduling, payment, and placement are managed through the business office and the tutoring coordinator. Tutors are paid hourly.

Hours

Tutoring will be scheduled on campus Monday thru Thursday between the hours of 7:30 am and 6:00 pm (based on tutor availability)

Skills and Knowledge

- An understanding of and commitment to Marburn's mission and values;
- Be open to professional development activities and agree to employ instructional methods and practices aligned with Marburn Academy;
- Demonstrate a passion for helping students who struggle.

Educational Background and Experience

Minimum of Bachelor's degree

Hold an Ohio teacher or classroom aid licensure

Experience in a math-related field or math education is preferred

Legal Requirements

All employees of Marburn Academy must pass required criminal record checks and appropriate background checks, including proof of academic credentials.

Qualified candidates should send a resume and cover letter to [hiring@marburnacademy.org](mailto: hiring@marburnacademy.org).
